

IPSCO FACILITY DATA SHEET

HOUSTON R&D CENTER

10120 HOUSTON OAKS DRIVE | HOUSTON, TX 77064 | TEL: 281-949-1023 / 888-258-2000

In addition to acting as our corporate headquarters, our 70,000 sq. ft. Houston facility houses our R&D capabilities and is the focal point for all product design and development, experimental and validation testing, and advanced metallurgical research. Here, we work in close collaboration with top industrial forums, research labs and universities.
