

A Complete Solution

From well-established oil fields in the Southwest to the unconventional gas shales of the Northeast, TMK IPSCO supplies the welded and seamless line pipe needed to transport crude oil, natural gas and natural gas liquids from producing field to processing plant or refinery. Our extensive line pipe offering is supported by a dynamic combination of quality, price, delivery and service—all designed to maximize customer return on investment.

A Full Range of Options

TMK IPSCO is proud to offer a full range of high performance line pipe tailored to the needs of the global oil and gas industry. ERW line pipe is rolled in nominal pipe sizes ranging from 2" through 16", up to API grades X70, in select sizes. Through our Oman facility, GIPI line pipe products are offered in sizes ranging from 8 5/8" up to 24" and wall thicknesses up to 1", in grades up to X80. Our seamless line pipe, known for highly uniform lengths and outstanding surface condition, is ideal for high pressure applications—including offshore use—and is produced in nominal pipe sizes ranging from 2" through 16" and wall thicknesses greater than 1", in grades from API 5L B / X42 up to X80. We also offer longitudinally submerged arc welded (LSAW) line pipe in nominal pipe sizes ranging from 20" through 56" and helical submerged arc welded (HSAW) line pipe in nominal pipe sizes ranging from 22" through 100" in API grades up through X100.

Plant Location	Method	O.D.	W.T.	Standards/Grades
Ambridge/US	Seamless	2.375" - 4.500"	0.154" - 0.600"	API 5L, PSL 1,2 A,B, X42-X52
Blytheville/US	ERW	2.375" - 4.500"	0.156" - 0.337"	API 5L, PSL 1,2 X42-X60 CSA Z245.1 Grades 290-414
Camanche/US	ERW	4.500" - 8.625"	0.156" - 0.500"	API 5L, PSL 1,2 X42-X60 CSA Z245.1 Grades 290-414
Wilder/US	ERW	4.500" - 16"	0.188" - 0.500"	API 5L, PSL 1,2 B, X42-X70 CSA Z245.1 Grades 241-483
Sohar, Oman	ERW	8.625" - 24"	0.160" - 1.000"	B through X80 including HIC Capability
Artrrom/Romania	Seamless	0.840" - 8.625"		API 5L, A,B, X42-X60, EN 10208-1, L210GA-L360GA EN 10208-2, L245NB
Volzhsky Pipe Plant/Russia	LSAW	20" - 56"	0.312" - 1.250"	API 5L, X42-X100, PSL 1,2 DNV 485 FD
	HSAW	22" - 100"	0.250" - 1.000"	API 5L, EN 10208-2
	Seamless	6.625" - 16"	0.280" - 1.219"	API 5L, X42-X80, PSL 1,2 DNV 250-555 S/F/P/D
Seversky Tube Works/Russia	Seamless	8.625" - 12.750"	0.315" - 0.984"	API 5L, PSL 1,2 A,B, X42-X60
	ERW	0.839" - 20"	0.114" - 0.500"	API 5L, PSL 1, A,B, X42-X60
Sinarsky Pipe Plant/Russia	Seamless	0.405" - 6.625"	0.095" - 0.625"	API 5L, PSL 1,2 A,B, X42-X65
Tagmet/Russia	Seamless	4.500" - 8.625"	0.237" - 1.000"	API 5L, PSL 1,2 A,B, X42-X70

Engineered to Perform

Our experienced team of engineers is known industry-wide for developing practical, versatile tubular solutions to meet the needs of an ever changing, rapidly evolving oil and gas market. Customers benefit from our new state-of-the-art R&D center in Houston, providing an even higher level of product innovation and technical support. Our full metallurgical lab offers in-house tensile, yield, impact and NACE testing to design and evaluate the next generation of tubular solutions while subsea pipeline development is supported by collapse and weld- and reel-ability testing.

Quality Focus

TMK IPSCO recognizes that the integrity of our line pipe has a direct impact on the safety of our communities *and* our environment. As such, every joint of TMK IPSCO line pipe is manufactured at an ISO 9001 compliant facility to meet API 5L standards *and* customer specifications. All product is tested in-house and delivered with outstanding surface quality suitable for coating. In addition, our line pipe is manufactured with bevels per API specification, or to our customers' unique bevel requirements.

Global Strength

TMK IPSCO is an industry leader in welded and seamless pipe, premium connections and accessories with the strength of more than twenty manufacturing facilities strategically located in the key energy producing areas of the world. Our legacy of quality, exceptional customer service and focus on innovation translates into unparalleled value for our customers. Our strength—in product and presence—gives customers a competitive edge, making us the ideal supplier for the oil and gas industry as well as many industrial markets worldwide.
